March 2005

THE NATIONAL TRUST

BEACHES WITH DOG-FREE AREAS

Restrictions on dogs on some National Trust beaches have been introduced by us, our neighbouring land owner or the relevant local authority, usually for the summer season.

Elsewhere dogs are welcome at most coast and countryside properties.

Please observe local signs, always keep your dog under close control and always clean up after your dog responsibly.

Conflict can arise on beaches between thoughtless dog owners and other visitors, particularly families with children, or where the wildlife habitat (especially ground nesting birds) is particularly vulnerable to disturbance by dogs.

For up-to-date opening information please telephone the appropriate office or visit our website at www.nationaltrust.org.uk
