STATEMENT – GOVERNMENT STONEHENGE ANNOUNCEMENT

The National Trust welcomes the Government's commitment to improving the setting of Stonehenge, taking into account the heritage and environmental needs of one of the world's most important landscapes.

The Trust has consistently argued that without funding for an appropriate long-term solution, the priority should be on working together to deliver short-term improvements within the Stonehenge landscape. We look forward to working with the Government, Wiltshire County Council, English Heritage and other partners to achieve this.
