Information for Disabled Visitors (Winter Season)

Welcome to Cragside

This leaflet is to help you get the most out of your visit. If you have any queries or concerns about any aspect of your visit, please do not hesitate to speak to our staff. **We welcome any feedback or suggestions for improvement that you have.**

The best way to get your bearings is to visit the Information Room at the Visitor Centre or the Information Hut in the main car park. Our tea-rooms, shop and toilets are all accessible.

GETTING AROUND

Drivers please be aware that we have 7 speedbumps on the road between the Joiners Workshop (at the far end of the Visitor's Centre, opposite Tumbleton Lake) to Cragside House. The dimensions of these are as follows:

228 cm wide x 8cm high

198 cm wide x 8cm high

Cragside is a very large property with considerable distances between various parts of the property. The terrain is uneven, with steep footpaths. Many of our paths are unsuitable for wheelchair users and slopes can be tiring for a person assisting a wheelchair user. If you are visiting by car, you may find it easier to drive between the various parts of the property.

Some self-drive three-wheeled vehicles, other pavement vehicles and powered wheelchairs have difficulty on Cragside's steep terrain. Please think carefully before use and do not hesitate to ask a member of staff if you need further information or guidance.

Assistance dogs are welcome in all areas.
