Getting Here Guide

Getting here

This guide provides the address and any necessary satnav details to find places. The long grid reference at the start of each entry refers to Ordnance Survey Landranger Series maps (OSNI for Northern Ireland). Also, the postcode in the satnav section will take you near to the place, but not necessarily to it, so please look out for signs, especially brown ones.

Up-to-date details of how to get to places without car are given on our website, nationaltrust.org.uk and other helpful public transport resources are listed below.
